

FreeDerm™

ADHESIVE REMOVER

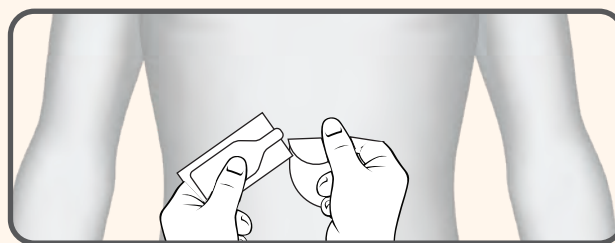

SKU# BOM52203BX
30 Ampoules

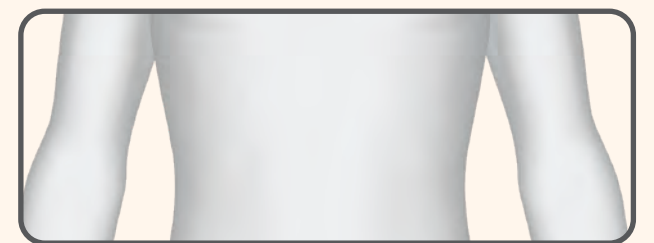

SKU# BOM52200 : 1oz Spray Bottle
SKU# BOM522023 : 3oz Spray Bottle

Spray or apply FreeDerm to the edges of the adhesive until wet.

Gently lift the adhesive from the skin. Continue to spray until adhesive completely releases.

Dries in >15 seconds. Allows immediate reapplication without washing.

- Efficiently removes: hydrocolloids, transparent dressings and tapes
- Minimizes the risks associated with Medical Adhesive Related Skin Injuries (MARSI)
- Quick release of adhesive : saves nursing time
- Protects fragile skin, minimizes patient discomfort and reduces pain

SKU# 52300

Bio Plus+™

Improves hydrocolloid adhesion by up to 50%

Protects skin from body fluids and adhesive stripping

Medline is the largest privately held manufacturer and distributor of health care supplies in the United States.
